Global Swiss Learning

SWISS VOCATIONAL
EDUCATION EVERYWHERE

Hello. We're from Switzerland, and we're also from the world.

We're teachers - and learners.

We are Swiss technical education. Bringing transformation to people, and countries.

An education globally known for its practice, methodology, depth. That is too big to stay only in one place.

Global Swiss Learning.
Swiss vocational education everywhere

Global Swiss Learning

Our Mission

To take the Swiss vocational education system to the world

Our Business Model

ORIGINAL CONTENT

Course content provided by the Swiss school, in exclusive partnership with GSL.

HYBRID COURSES

80% of the course is offered online - Theoretical and practical classes, deep didactic content, suitable for distance learning.
20% of the course in the classroom in collaboration with a local school, through trained professionals in Switzerland.

PEDAGOCICAL CONCEPT/ QUALITY CONTROL

We work in cooperation with the Swiss Federal University for Vocational Education and Training (EHB). **The didactic quality of the courses is ensured** by GSL at all stages: translation, localization, development, and digitization.

GLOBAL DELIVERY

Schools and companies in many countries can benefit from **Plug and Play courses**, translated into **local language**.

How it works

Global Swiss Learning

GSL **partner**s with Swiss institutions to bring high quality vocational education programs to students, schools, businesses and governments around the world.

Certification is issued by **Swiss partner school.**

Global Swiss Learning

We build partnerships with **renowned Swiss institutions** and domestic institutions in several countries to teach the best Swiss vocational education in their native languages.
